

**New Pittsburgh Sportsmen's Club**  
**Trap League Rules FALL 2017**

- The League will shoot according to the latest published schedule.
- No team will be permitted to shoot at the end of the scheduled time (Last squad 9:00 PM scheduled start). Each team captain will be responsible for their team's presence.
- Teams will consist of five shooters per team with a maximum of eight members per roster. Each team's captain will be responsible for scheduling their team's shooters.
- If a full five-man squad is not available on any given night, the use of a blind or blinds will be necessary to figure the team's target totals for that night. A blind will consist of a maximum of 18 targets per 25-target round for the first blind, 15 targets for the second blind and 10 targets for the third and additional blinds.
- Teams must begin to shoot no later than 5 minutes after the scheduled time or no later than 5 minutes after the previous team has completed its round. If a shooter shows up late, they may join their team on the 16-yard line only if the team has not moved off the first post. In this case, the late shooter will catch up before the team continues. If the team has already moved to the next post, the team must use a blind for the 16-yard portion of that night and the late shooter can join the team for the handicap targets.
- Each person will shoot 50 targets. The first 25 targets will be shot from the 16-yard line. The team's 16-yard average that night will be used to determine the yardage (18 yd min) for the handicap targets that night.
- Team standings will be based on a handicap score system
- Individual awards will be given for the following:
  - High 16-yard Average
  - High Handicap AverageTo be eligible for these awards, a shooter must shoot 6 matches or more. A shooter can only be awarded one of these awards even though their average is highest in more than one category. In this event, the second place finisher becomes eligible for the award in the other category or categories.
- Trophies will be provided to sponsors of first, second and third place teams. All ties for team trophies will be shot off on 50 targets (target cost covered by club).
